

Employment Opportunities

Here at Baltimore County Gymnastics we believe that all children of every skill level and walk of life can benefit from this sport. A gymnastics training program in a caring environment, coupled with a strength and fitness base has proven to be not only a wonderful opportunity for fun, but also a building block for self discipline, body awareness, reading readiness, elevated self esteem as well as increased levels of physical fitness.

We are always looking for new coaches with the same beliefs to join our BCG family. If you share these ideas along with professionalism, a strong work ethic and experience in the field, we are looking for you! Call our office to set up an interview (410)335-4646 or send us an email with your resume attached. info@baltocogym.com
We look forward to hearing from all qualified individuals!
